Litholink 24 Hour Urine Collection

- Parents to call and set up 24 hour urine collection: **1-800-338-4333** (also listed on order form) OR Urology Provider will fax the order directly to Litholink
- Litholink sends supplies and gives instructions for sending urine sample back to them.
- Litholink then sends test results directly back to the ordering provider when complete (usually within 1-2 weeks)
- Our clinic will mail the results to the family's home address so they can then be carried to the Nephrology appointment.
