

## Additional Attendee in Telehealth Visit

Patients can invite guests to attend an active televisit from the healow app or a mobile web browser.

To invite a guest to join a patient's televisit from a mobile device:

1. On the provider's televisit screen, tap the *+Invite Contact* button:

You can add from existing contact if listed as a “Contact” in ECW.

Otherwise, tap “Invite other contact” > Patient will enter cell phone number of additional attendee. They will receive a text message to join appt.
